

TREE OF HOPE CAMPAIGN 2020

Even as the COVID-19 pandemic rages virtually unchecked, it's time for Benld Adopt-A-Pet's annual TREE OF HOPE CAMPAIGN, our largest fundraising effort of the year, which assumes even greater importance than ever this year, as our ability to fund our operations has been adversely affected by the pandemic. Your generous gift will ensure a happy, healthy Christmas for these animals, and also for those persons who have had to part with their 4 legged friends and those looking to find their new forever friends. Your donation will also allow us to continue caring for those animals, many of whom are older and/or have disabilities, and who may be dependent upon our care at the shelter for the remainder of their lives.

We wish you a happy and safe holiday season, and hope that you will keep us in your thoughts so that our animals may have one as well.

Thank you and Merry Christmas!

Lorraine Jackson
Founder & Director
